Product Guide

Puretec Perfecting Water

More than 30 years in the water filtration industry, Puretec remains a family owned, family run company with an unrivaled reputation for quality, innovation and reliability.

Our dedication to manufacturing a wide range of leading-edge products with a seamless backup has ensured our water filtration products are of impeccable quality and are true to our tagline “perfecting water”.

The Puretec range has been designed for the worldwide market from extensive market research and customer feedback. We know uncompromised quality and consistency along with innovation and technology is of utmost importance with water filtration - that's how we've ensured Puretec water is consistent and exact.

Purified water for all your camping adventures.

Designed specifically for caravans, motor-homes boats & camper trailers Puretec's range of portable & compact systems are ideal for people who enjoy the great outdoors but want access to safe, pure and great-tasting water.

This range of filtration products and accessories are made to the highest of standards and tested to ensure AU/NZ requirements are not only but exceeded.

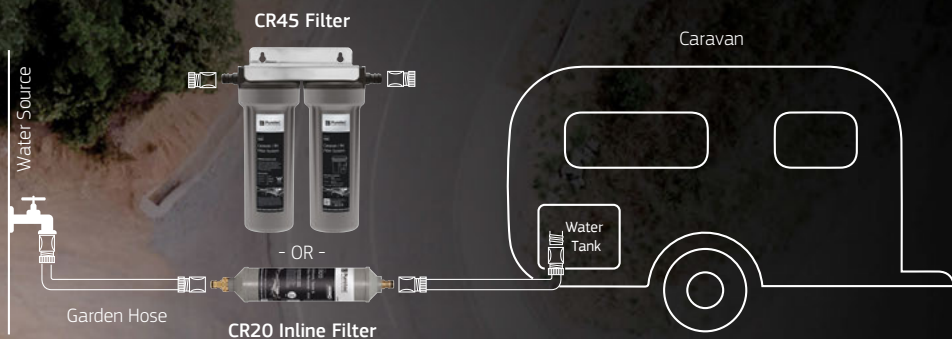

Designed to be connected to 12 mm metric fittings (the most common connections found in recreational vehicles) or standard 1/2" garden hose fittings, makes this range simple, quick and effortless to install.

CR Series

Portable Caravan Filter Systems

Designed to connect up easily to garden hose fittings which are readily available in most locations.

Connects to standard garden hose fittings.

The Puretec CR Series are high capacity, efficient filter systems designed to connect easily to garden hose fittings which are readily available in most locations.

Safe, great-tasting water no matter where you are.

The portability of the CR Series is ideal for caravans, camper trailers, boats and motorhomes, ensuring safe and great-tasting water on the go.

CR20

Inline filter with brass connectors, 20 Lpm, 1/2" Standard Garden Hose Connection

A portable inline water filter designed to connect up easily to garden hose fittings which are readily available in most locations.

The Puretec CR20 filter incorporates carbon filtration with SilverPlus™ Antibacterial Technology to remove taste, odour, chemicals and inhibit bacterial growth leaving healthy, great tasting water even while you are on the go.

CR45

Dual stage filtration, 20 Lpm, 1/2" Standard Garden Hose Connection Extra Sediment Capacity

The CR45 caravan filter kit is the ultimate solution to safe purified water, no matter how remote the location of your camping adventures. It's never been easier.

This system is specifically designed to connect to a mains water tap to filter water while filling your tank or directly to the inlet water line. This kit is highly effective at reducing chlorine, bad taste & odour, as well as some organic chemicals.

SPECIFICATIONS

Model:	CR20	CR45
Rating:	1 micron*	1 micron*
Dimension:	W 65 mm x H 305 mm	W 290 mm x H 335 mm
Connection:	1/2" Garden Hose	1/2" Garden Hose
Min/Max Flow:	0 - 20 litres per minute	0 - 20 litres per minute
Min/Max Temp:	0 - 38°C	0 - 52°C
Min/Max Pressure:	200 - 860 kPa	200 - 875 kPa

CR-Z2

Compact Caravan/RV Inline Undersink Filter System with LED Faucet

A compact undersink system designed for applications where space is limited with a valve-in-head for quick DIY cartridge changes.

CR-Z2

Compact Inline Undersink Filter System, 5 Lpm, 12 mm Tube Connection

The Puretec CR-Z2 is a compact system designed specifically for applications where there is limited under-bench space; perfect for caravans and RVs. It's compact design makes it easier to install where space is limited, installs very easily & mounts horizontally or vertically so no shelf cutouts are required.

The CR-Z2 features Z Plus Filtration Technology through an advanced 3 stage filtration process; filtering down to 1 micron* removing chlorine, chemical, sediment, rust, and algae - helping to ensure you only get healthy, great-tasting water on tap, wherever you go.

- Connects to 12 mm tubing.
- Specifically designed for mains, rain, harsh and rural water supply.
- Provides pure, safe, filtered water, free of chlorine.
- Incorporates Anti-scaling protection.
- Z Plus Technology inhibits bacterial growth.
- Filter tap & standard caravan/RV fittings included.
- Valve-in-head means a DIY, no mess filter change.
- Mounts horizontally or vertically.
- LED light that turns from blue to red when the filter needs replacing.

SPECIFICATIONS

Model:	CR-Z2		
Replacement Cartridge:	Z2-R	Capacity:	38,000L
Rating:	1 micron*	Approx Space Required:	
Flow:	5 litres per minute	Vertical Mounting:	290 mm (h) x 90 mm (w)
Min/Max Temp:	0 - 38°C	Horizontal Mounting:	90 mm (h) x 290 mm (w)
Min/Max Pressure:	200 - 520 kPa	Warranty:	10 Years [^]

[^]10 year warranty is 1 year parts and labour plus 9 years parts only. Excludes cartridges.

PT Series

Caravan/RV Fresh Water Pump

A compact pump that delivers pressurised water to caravans and RVs.

PT-12DC11

Compact Fresh Water Pump, 11.3 Lpm, ½” Connection

Puretec's PT series pumps are designed to deliver pressurised fresh water throughout your caravan or RV. These compact pumps are self priming, run dry safe and quiet, making them the ideal pump for recreational vehicles or trailers.

- Self priming
- Run dry safe
- Quiet operation
- On-demand use
- Industry standard mounting pattern
- Rubber mounting base
- Internal bypass technology reduces cycling

SPECIFICATIONS

Model:	PT-12DC11
Dimensions:	(H) 202.5 x (D) 111 x (W) 125 mm
Priming Capabilities:	1.8 metres suction lift
Voltage:	12V
Max Draw:	7A

Max Temperature:	60°C
Max Working Pressure:	55 psi (379 kPa)
Flow:	11.3 Lpm
Connection:	½” BSP

Fittings

Caravan/RV Metric Fittings & Spares

Quality fittings are the foundation for any system installation.

Imperial Sizes	5/32" - 5/16"	3/8" - 1/2"
Metric Sizes	4-8 mm	10-12mm
Max. Pressure @ +65 °C	1000 kPa	700 kPa
Max. Pressure @ +20 °C	1600 kPa	1100 kPa
Max. Pressure @ +1 °C	1600 kPa	1100 kPa
