### Specifications

| Ordering Code | Pressure kPa | Flow (Lpm) | Connection | Micron Rating | Cartridge Size |
|---------------|--------------|------------|------------|---------------|----------------|
| IL643*        | 100-520      | 1.9        | ¼" BSPF    | 5             | 6" x 2"        |
| IL643Q*       | 100-520      | 1.9        | ¼" QC tube | 5             | 6" x 2"        |
| IL142         | 100-520      | 1.9        | ¼" BSPF    | 5             | 10" x 2"       |
| IL142Q        | 100-520      | 1.9        | ¼" QC tube | 5             | 10" x 2"       |
| IL143         | 100-520      | 1.9        | ¼" BSPF    | 5             | 10" x 2"       |
| IL143Q        | 100-520      | 1.9        | ¼" QC tube | 5             | 10" x 2"       |
| IL146         | 100-520      | 1.9        | ¼" BSPF    | 5             | 10¼" x 2"      |
| IL146Q        | 100-520      | 1.9        | ¼" QC tube | 5             | 10¼" x 2"      |
| IL148Q        | 100-520      | 1          | ¼" QC tube | 5             | 10" x 2½"      |
| IL149         | 100-520      | 1.9        | ¼" BSPF    | 1             | 10" x 2½"      |
| IL149Q        | 100-520      | 1.9        | ¼" QC tube | 1             | 10" x 2½"      |
| IL150Q        | 100-520      | 1.9        | ¼" QC tube | 1             | 10" x 2"       |

Notes:

QC = quick connect

\*IL643 & IL643Q are not available in NZ.

IL146 & IL146Q Adds natural minerals back to the water, improving taste.

IL148Q Composed of mixed crystals of coconut carbon & shell activated carbon and magnesium (Mg) with natural minerals. It adds calcium carbonate & magnesium carbonate to the water & generates activated hydrogen (H2) to produce fresh alkalised water
