

GENERAL INFO

HAND-HELD PLEATED CARTRIDGE CLEANER

A quick and easy-to-use pleated cartridge cleaner that connects easily to your standard garden hose.

Puretec's hand-held, trigger-activated filter cleaner makes cartridge cleaning quick and easy.

The bristled brush reaches into pleated filters to physically loosen and dislodge sediment within your filter. With minimal splash back, the filter nozzle can be easily turned on and off using the easy-to-reach trigger. Fill the compartment with Puretec TankSafe™ for extra-effective cleaning.

FEATURES & BENEFITS

- Trigger-activated, hand-held device.
- Quick and easy cartridge cleaning.
- Physically removes dirt and mildew.
- Operates using a standard garden hose.
- Detergent compartment.
